

FLEXISEEL . . . The "KEYBOARD SKIN"

N
E
W

Made from a new hyper-flexible , washable and disinfectable material, **FLEXISEEL**, custom made to fit individual model, surrounds every independent key of the keyboard, with an excellent quality skintight polyurethane seal for a better typethrough comfort.

FLEXISEEL will offer complete protection, to your keyboards, terminal and telephones, against dust, dirt and liquids.

FLEXISEEL remains fully functional at all times.

FLEXISEEL is manufactured by *Flexiseel Canada*.

CAN BE MOLDED TO FIT ANY KEYBOARD

No pre-payment, no minimum order required, all orders accepted
